CONTENTS

The Neurology of Jennerian Vaccination—A Clinical Account of the Neurological Complications which Occurred During the Smallpox Epidemic in South Wales in 1962. By John D. Spillane and Charles E. C. Wells 1

The Role of the Ligamenta Flava in the Pathogenesis of Myelopathy in Cervical Spondylosis. By H. F. Stoltmann and W. Blackwood 45

Familial Amyotrophic Dystonic Paraplegia. By Sid Gilman and Simon Horenstein 51

Sensory Radicular Neuropathy Associated with Muscle Wasting in Two Cases. By A. M. G. Campbell and the late H. L. Hoffman 67

Some Comments on the Significance of Retrograde Amnesia, with an Analogy. By William Goody 75

The Temporal Lobe Agenesis Syndrome. By Richard G. Robinson 87

Post-traumatic Anosmia. By David Summer 107

Benign Paroxysmal Vertigo of Childhood (A Variety of Vestibular Neuronitis). By L. S. Basser 141

Degeneration of the Cerebellar and Hypothalamic-nurohypophyysial Systems in Sheep with Scrapie; and its Relationship to Human System Degenerations. By Elisabeth Beck, P. M. Daniel and H. B. Parry 153

Some Long-term Effects of Temporal Lobe Resections on Auditory and Visual Discrimination in Monkeys. By J. Pierre Cordeau and Helen Mahut 177

Pathological Observations on Six Cases of Diabetic Neuropathy. By D. Greenbaum, P. C. Richardson, M. V. Salmon and H. Urich 201

Lesions of the Anterior Frontal Lobes and Disturbances of Micturition and Defecation. By John Andrew and P. W. Nathan 233

Cerebral Infarction Following the Rupture of Cerebral Berry Aneurysms. By M. R. Crompton 263

Clinico-EEG Correlation with Arterial and Jugular Venous Biochemical Studies in Acute Neurological Disorder. By M. Fischer-Williams, N. Telemann-Toppet and John S. Meyer 281

Alzheimer's Disease—An Electron Microscopical Study. By Michael Kidd 307

The Effect of Cyclobarbitone on the Habituation of the Psycho-galvanic Reflex. By M. H. Lader 321

The Periodic Paralyses: Differential Features and Pathological Observations in Permanent Myopathic Weakness. By Carl M. Pearson 341

Myopathic Syndrome in Muscular Sarcoidosis. By Catherine N. Hinterbuchner and Ladislav P. Hinterbuchner 355

Clinical and Pathological Studies of an Hereditary Neuropathy in Mice (Dystonia Muscularum). By L. W. Duchen and Sabina J. Strich 367

The Medulloblastoma and the So-called "Arachnoidal Cerebellar Sarcoma." By L. J. Rubinstein and D. W. C. Northfield 379

Familial Cerebellar Ataxia and Hypogonadism. By W. B. Matthews and A. T. Rundle 463

Cervical Nerve Root “Cysts.” By Shirley Holt and P. O. Yates 481

The Pathogenesis of Cerebral Infarction Following the Rupture of Cerebral Berry Aneurysms. By M. R. Crompton 491

Systemic Effects in Dystrophia Myotonica. By F. I. Lee and D. T. D. Hughes 521

Lesions of the Limbic System and Short-term Memory in Albino Rats. By Robert Thompson, Susan K. Langer and Irene Rich 537

Spinal Cord Synapses in the Cat: The Normal Appearances by the Light Microscope. By L. Illis 543

Spinal Cord Synapses in the Cat: The Reaction of the Boutons Termineaux at the Motoneurone Surface to Experimental Denervation. By L. Illis 555

Madame Louis-Bar’s Syndrome: A Case Record, with Comments upon the Name, Classification and Significance of this Disorder. By S. J. H. Miller and William Goody 581

Nerve Conduction and Other Studies in Families with Charcot-Marie-Tooth Disease. By Ntinos C. Myrianthopoulos, Mark H. Lane, Donald H. Silberberg and Blanche L. Vincent 589

Hepato-lenticular Degeneration (Wilson’s Disease) Treated by Penicillamine. By J. Richmond, V. M. Rosenoer, S. L. Tompsett, I. Draper and J. A. Simpson 619

Necrotizing Myelopathy Associated with Visceral Carcinoma. By Elliott L. Mancall and Remedios K. Rosales 639

Acute Internal and External Ophthalmoplegia with Polyradiculitis of Probable Virus Etiology. By F. B. Gibberd and R. E. Kelly 657

Head Turning Towards Diffuse Light in the Neurological Examination of Newborn Infants. By L. Goldie and I. J. Hopkins 665

Correlations of the Diencephalic Nystagmogenic Area with the Bulbo-Vestibular Nystagmogenic Area. By P. Montandon and Marcel Monnier 673

Infantile Muscular Atrophy—A Prospective Study with Particular Reference to a Slowly Progressive Variety. By Victor Dubowitz 707

Familial Orthostatic Hypotension. By Paul Lewis 719

The Effect of Procaine Nerve Block on Neuromuscular Reflex Regulation in Man (An Appraisal of the Role of the Fusimotor System). By M. M. Gassel and E. Diamantopoulos 729

 Notices of Recent Publications 189, 413, 573, 743
